

Protech Graffiti One Shot

Anti-graffiti protection for masonry and urban buildings for one-time use

Protech Graffiti One Shot is a ready-to-use transparent, water-based product formulated to protect buildings from vandalism and graffiti. With its special composition, Protech Graffiti One Shot creates a barrier that prevents the dye from penetrating the material, maintaining the original breathability of the treated surface. If washed to remove any graffiti, this product must be re-applied in order to maintain the protection of the substrate.
